**RELAXING ATMOSPHERE AND DELICIOUS FOOD...  
GUARANTEED TO PUT A SPRING IN YOUR STEP!**

A MUCH-LOVED VENUE IN THE HEART OF ST PETER PORT, CHRISTIES BRASSERIE OFFERS A WARM WELCOME AND GREAT HOSPITALITY ALONG WITH STUNNING HARBOUR VIEWS AND AN ELEGANT, ART DECO THEME.

**Christies Restaurant recently launched its newly renovated premises at an Opening Evening to a host of loyal fans and family.**

Filled with anticipation upon entering the restaurant, guests weren't disappointed. Greeted with a drink and a smile by friendly staff, the restaurant has a chic new look with beautiful fixtures and fittings. After a period of six weeks closure for the extensive works to be carried out, the new look restaurant was packed with enthusiastic guests who were really enjoying celebrating along with Christophe and his dedicated team. The lucky guests were invited to sample bite sized tasters of the delectable new menu, complemented perfectly with Champagne or Craft Beer.

**"WE HAVE BROUGHT CHRISTIES INTO THE 21<sup>ST</sup> CENTURY"**

The Restaurant has been greeted with great reviews since reopening and Managing Director Christophe Gaultier is thrilled with the new refurbishment. "We have brought Christies into the 21st Century. We provide value for money but at the same time we have raised the standard of service, offering a brasserie mix menu served throughout the day from 8am - 12am, serving something for everybody," he said.

You will see that menu choices certainly are plentiful and varied. The new menus are full of locally sourced seasonal dishes and range from Classic Sandwiches to Foie Gras Kilner Jar, with Lobster Gratin Thermidor, fine meats, soups and Bar Nibbles in between!

Enjoy a simple but tasty breakfast of Fresh Fruit, Granola or Croissants, or be more adventurous and try a Pancake with Smoked Bacon and Maple Syrup, or maybe go for Guernsey Rarebit! Pop in for lunch, dinner, a coffee or a cocktail at any time of the day, or treat yourselves to Afternoon Tea which of course includes our famous Guernsey Cream with Strawberry Conserve on a Warm Fruited Scone!

Tea & Co are proudly supplying an extensive range of loose leaf teas to Christies so you may wish to try something different; China Sencha, Turkish Apple or Green Jasmine with Flowers are a few on offer.

**KAFA, THE EARTH'S FIRST COFFEE**

Kafa is one of the finest coffees in the world, and the first from the Earth. It comes from the original coffee plant, which has given rise to all other varieties. It originates in the Ethiopian forest, where coffee grows spontaneously, with minimal intervention from the locals, who, from one generation to the next, pass on the secrets of these valuable plants.

This fine, 100% Arabica coffee grows in uncontaminated and naturally fertile soils. Its coffee cherries are picked by hand, one by one, and dried suspended in nets, so that the beans retain the maximum aromatic fragrance.

The sensorial experience of this coffee is as unique as its origin: a robust structure, and a bouquet of aromas and fragrances, with intense floral notes and a typical honey and date after-taste with hints of mature cherries.

To enhance the organoleptic characteristics of a superior and unique origin, Lavazza avails itself of the new «slow and gentle» roasting process that generates the perfect mix between aroma, taste and body.
